

## **MCGREGOR SURVEYS PTY LTD**

### **QUALITY POLICY**

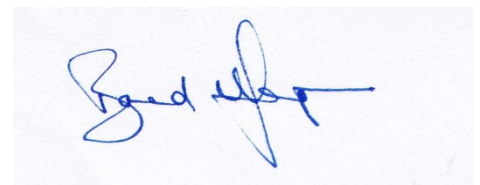

McGregor Surveys provides Land, Licensed and engineering surveying services for the land development, commercial construction, engineering services, mining and oil and gas development sectors.

High priority is given to satisfying the client's requirements. We strive to continually improve our quality management systems by updating our quality documents and procedures, reducing customer complaints and improving the delivery of our services and customer satisfaction.

The QMS establishes objectives for the provision of its surveying services to satisfy clients. The QMS is owned and supported by all McGregor Survey managers and personnel who are trained in the QMS to contribute to its maintenance and continuous improvement.

Managers review this Quality Policy on an annual basis, to ensure it remains specific to the Company's services and it is the responsibility of all McGregor Surveys employees to ensure that the business systems, policies, procedures and instructions are applied in the day-to-day operational duties.

Built on our core values of reliability, honesty, efficiency and integrity, our team is committed to delivering a quality deliverable in a safe, cost effective manner which will exceed our client's expectations.
